| ABOUT BLANCO

Celebrating 8 Successful Years of Excellence

TEAM BLANCO Successfully celebrating 8th year in the industry, Blanco Steel Detailing Services Pvt Ltd established with an aim to be a global leader in structural steel design and detailing services by catering to the latest trends and technologies in the industry.

We at **TEAM BLANCO** offer top-notch services in structural design and steel detailing for large scale residential, commercial, and industrial projects while complying to **AISC** (American Institute for Steel Construction). Software we use such as, **Tekla structure**, **AutoCAD**, **RISA**, **RAM**, **IDEA Statica** and many other advanced Software.

Blanco Steel Detailing Services Pvt Ltd is a client centric organization, delivering state of the art, cost-effective and prompt engineering services Across USA clients. With well-qualified and experienced Project Management, Structural engineers and highly qualified detailing team,

“ Today the company is growing rapidly, with over 1000s plus projects completed, dozens of on-going projects, and several new opportunities.”

MISSION STATEMENT

At Blanco Steel Detailing Services Pvt. Ltd., our mission is to deliver innovative, precise, and cost-effective structural steel design and detailing solutions that exceed client expectations. We are committed to upholding global standards, enhancing value through cutting-edge technology, and nurturing long-term partnerships built on trust, integrity, and quality.

"Precision.Passion.Performance."

Trusted partner in structural steel detailing.

By leveraging advanced tools and highly skilled professionals, we aim to drive excellence in every project we undertake – contributing to safer, smarter, and more cost effective steel structures design and detailing services

OUR VISION

Our vision defines the future we strive to create. It guides our strategy, inspires our team, and shapes the legacy we aim to leave in the global structural engineering landscape.

- To become a global leader in structural steel design and detailing services.
- To set benchmarks for quality, accuracy, and client satisfaction in the engineering services industry.
- To expand our global footprint while cultivating a work culture rooted in learning, growth, and technical excellence.

OUR MISSION

We are driven by a clear and purposeful mission that reflects our dedication to engineering excellence and client satisfaction. Our mission acts as the foundation upon which we build strong relationships, deliver top-tier services, and pursue continuous growth.

- To provide world-class structural steel detailing and design services adhering to international standards such as AISC.
- To continuously innovate by integrating the latest technologies like Tekla, AutoCAD, IDEA StatiCa and many other advanced softwares.
- To empower our clients by delivering accurate, timely, and efficient engineering support across residential, commercial, and industrial sectors.

DEPARTMENT & ROLES

“Structured for Success. Driven by Roles. United as One Team.”

At **TEAM BLANCO**, we believe that well-defined roles and structured departmentalization form the foundation for operational efficiency, skill specialization, and agile management. This framework not only drives the company's success but also fosters a culture of fairness and opportunity. By organizing our workforce into dedicated departments, we ensure that every employee is empowered according to their experience, expertise, and potential. As a result, **TEAM BLANCO** has established a dynamic departmental structure, offering equal growth opportunities across the following roles and divisions.

Our departmental model promotes clarity in responsibility, enhances communication, and streamlines project execution. Each department operates with clear objectives while working collaboratively with others, ensuring alignment with overall business goals. This interconnected approach enables faster decision-making, promotes knowledge sharing, and increases adaptability in a rapidly evolving industry.

Moreover, we place great emphasis on nurturing leadership within each role. Whether in design, engineering, project management, or support services, every team member is encouraged to take ownership and lead with initiative. At **TEAM BLANCO**, we believe that success is a collective effort — powered by clearly defined responsibilities, shared values, and a strong sense of purpose across all levels of the organization.
